

## -Fork Dandelion-

### Materials Needed:

- Forks
- Yellow and green paint
- Paper
- Paint brush

### Instructions:

1. The first step is to paint the stem of your flower with the green paint. Paint a green stem from the bottom of your paper to a little over half way up the paper.
2. Next, dip the prongs of the fork into the yellow paint. Place the prongs (flat side) at the end of your green stem, pressing down. Do this multiple times around the end of the green stem in a circle.
3. Add decoration and other dandelions if desired.
